To Whom It May Concern:

This is a letter of recommendation for comedian Greg Warren. My name is Lou Rosselli and I am the associate head coach for the Ohio State wrestling team. I am also the head coach of The Ohio Regional Training Center, a non-profit organization that trains Olympic wrestlers.

We hold one main fundraiser each year to raise money for our organization. For the past 3 years, we have held that fundraiser at the Funny Bone in Columbus, OH. The first year, the owner of the Funny Bone highly recommended Greg to be our main event. After the first event, it was a no brainer! We have asked Greg to be our feature act every time since.

As an athletic organization, the fact that Greg was a Division I All-American made him attractive to us as it is very easy for him to relate to our wrestling fans. However, his wide range of material and ability to play to all types of personalities has our audience laughing the entire time. This is why we continue to request his help with our fundraisers. We raise right around \$30k each time we host the event and believe that Greg is one of the biggest contributing factors.

Greg is very accommodating and a pleasure to work with. I believe any organization would be lucky to have such an outstanding comedian for their event.

Sincerely,

Lou Rosselli
