We had the pleasure of listening to one of Greg Warren's speeches at the 2019 NAIFA – MI Annual State Conference. Greg did a wonderful job of sharing real life scenarios to back his message – "Using Humor to Overcome Failure." The connection that Greg makes with his audience is obvious, with everyone tearfully laughing while following along to his storytelling. We would certainly recommend Greg's talents for anyone's state conventions or meetings. Our members thoroughly enjoyed Greg and he lightened up our convention.

Thank you,

*Glenn S. Newlin*

Glenn S. Newlin, President  
NAIFA – Michigan
