January 2019

On behalf of the St. Louis Sports Commission, it is our pleasure to recommend Greg Warren to you for events of any kind. In fact, Greg is so good that we can leave no doubt—we simply must be serious about writing this letter of endorsement and delight.

So what sets Greg apart? Well, he is very funny—as most comedians are! But what sets Greg apart is that he cares...he listens...he understands...he knows what fits...he knows what works. And he's just one heck of a nice guy and an absolute joy to work with.

Other than that, he's pretty much just like everyone else.

Specifically, we brought Greg to St. Louis to perform at our Musial Awards live show in November 2018 and to create and produce two original comedy videos to show during our event. His performance, the videos, and our working relationship were superb in every way.

I would be happy to tell you more. Bottom line is Greg's the best!

Cheers...
