March 9, 2020

It is my pleasure to offer a letter of recommendation for comedian Greg Warren. Greg provided entertainment for the Awards Banquet and 100th Anniversary Celebration of the American Soybean Association (ASA) on February 28, 2020.

Because this was a very special event in recognition of ASA's 100th anniversary we wanted the program to be special—to have a variety of elements that would keep the program moving and interesting to the audience. And we wanted humor and fun to be a part of the evening. Greg was the perfect addition for that. He was very accommodating to presenting his comedy in multiple sets, which we incorporated throughout the evening to fit the format and style of our program.

While Greg has great comedy material about agriculture and farming that definitely hit a sweet spot with our audience, most of whom are farmers or work in agriculture-related professions, he also included plenty of comic material that we all can relate to involving family, friends and everyday life.

I am happy to say that Greg was helpful, professional and easy to work with—all of which made the interaction a positive and productive experience.

On behalf of the American Soybean Association, I am pleased to recommend comedian Greg Warren as an entertainer who delivers the humor and was a pleasure to work with.

Sincerely,

A handwritten signature in black ink that reads 'Jill Wagenblast'.
