Letter of Recommendation for Greg Warren

To whom it may concern:

Belleville, IL School District #118 had the pleasure of hosting Mr. Greg Warren at our Teacher Institute Day. Greg's comedy brought much needed smiles to our staff of over five hundred. His material was funny and on point while delivery was clean and respectful. As I watched our educators become engaged and actively participate in his act it was clear to see the joy Greg brought. The last few years have been extremely difficult and educator burnout is at an all-time high. Walking into a room of educators that are struggling to remember their "why" was not an easy request. Greg handled the challenge with ease and gave a lighter perspective to those who need it most! As a district, we were honored to have him and highly recommend him for school events. He was a true joy both on the stage of a performer and as a professional sharing his craft with us.

It was also a very simple process to reach out and work with Greg and his agent. Communication was quick and the process was seamless. Greg arrived on time and was kind and respectful to those who organized the event. He shared his time and talents to the fullest. Greg gave us a full hour of comedy and was patient and kind and we wrapped up our day and prepared staff for his performance.

If I can be of any additional assistance please feel free to reach out to me at my email: cgibson@belleville118.org and I would be happy to help in any way. We at District #118 wish Greg all the best in his future performances and hope other educators will have the opportunity to see him live!

Fondly,

Christina Gibson
